

Volcano Vineyards Red Wine
2004
Rogue Valley

This wine is scary good. I could drink a bottle all by myself.

*Happy Customer
Volcano Vineyards Tasting Room
February 2007*

This wine is a blend of syrah, merlot and viognier (the three main varietals we now produce). Rich, elegant and lush, the wine shows raspberry and spice on the nose, dark fruit throughout. Only 200 cases produced.

Food pairings: Rich enough to stand on its own as a glass pour, this wine pairs beautifully with steak, bacon and cream-based pasta sauces. This newly released wine will continue to evolve with bottle age.

Appellation: Rogue Valley

Vintage: 2004

Production: 200 cases
